The full application is submitted as one file in PDF format and send to Simon Speksnijder via aihr-fgw@uva.nl

4. DESCRIPTION OF THE PROPOSED RESEARCH PROJECT (max. 500 words, excl. references)

Make clear whether you will use the RIS fellowship for:

- a. preparing an application for a personal grant, or
- b. substantially strengthening your publication list in order to increase the chance of success for future grant applications

Provide a description of your first ideas for the proposed research project, taking into account the requirements that apply for the type of grant in question. A fully-fledged proposal is not required.

If you have previously received a grant from the RIS fund and apply for a second time, please make sure that the goal for the second application is different from the first (eg. first strengthening your publication list and then preparing a grant). Note that first-time applicants are given preference by the committee.

Describe why you are eligible to conduct the proposed research in light of the requirements that the type of grant imposes on applicants.
